

Register for COVID-19 Testing

We are excited to partner again with Orion Laboratories to provide free weekly COVID-19 testing for the upcoming school year!

As we begin the school year, the health and safety of all students and staff remain our top concern. Louisiana Department of Health (LDH) has extended the incentive testing opportunity for the 2022-2023 school year to ensure the continued safety of our schools.

Our campus will participate in the voluntary, weekly COVID-19 testing program to help ensure a safe and productive school year for scholars and educators. By identifying infections early, weekly testing will keep transmission low and students in school for in-person instruction, sports, and extracurricular activities.
