Group Critical Illness Insurance

You can count on Aflac to help ease the financial impact of surviving a critical illness.

In Georgia, Group Critical Illness Limited Benefit Insurance Plan. This plan does not contain comprehensive adult wellness benefits as defined by law.
Aflac can help ease the financial stress of surviving a critical illness.

Chances are you may know someone who’s been diagnosed with a critical illness. You can’t help notice the difference in the person’s life—both physically and emotionally. What’s not so obvious is the impact a critical illness may have on someone’s personal finances.

That’s because while a major medical plan may pay for a good portion of the costs associated with a critical illness, there are a lot of expenses that may not be covered. And, during recovery, having to worry about out-of-pocket expenses is the last thing anyone needs.

That’s the benefit of an Aflac Group Critical Illness plan.

It can help with the treatment costs of covered critical illnesses, such as a heart attack or stroke.

More importantly, the plan helps you focus on recuperation instead of the distraction of out-of-pocket costs. With the Critical Illness plan, you receive cash benefits directly (unless otherwise assigned)—giving you the flexibility to help pay bills related to treatment or to help with everyday living expenses.

But it doesn’t stop there. Having group critical illness insurance from Aflac means that you may have added financial resources to help with medical costs or ongoing living expenses.

Features:

- Benefits are paid directly to you, unless otherwise assigned.
- Coverage is available for you, your spouse, and dependent children.
- Coverage may be continued (with certain stipulations). That means you can take it with you if you change jobs or retire.

### INITIAL DIAGNOSIS BENEFIT

We will pay a lump sum benefit upon initial diagnosis of a covered critical illness when such diagnoses is caused by or solely attributed to an underlying disease. Benefits will be based on the face amount in effect on the critical illness date of diagnosis.

### ADDITIONAL DIAGNOSIS BENEFIT

We will pay benefits for each different critical illness after the first when the two dates of diagnoses are separated by at least 3 consecutive months.

### REOCCURRENCE BENEFIT

We will pay benefits for the same critical illness after the first when the two dates of diagnoses are separated by at least 3 consecutive months.

### SKIN CANCER BENEFIT

We will pay $250 for the diagnosis of skin cancer. We will pay this benefit once per calendar year.

### WAIVER OF PREMIUM

If you become totally disabled due to a covered critical illness prior to age 65, after 90 continuous days of total disability, we will waive premiums for you and any of your covered dependents. As long as you remain totally disabled, premiums will be waived up to 24 months, subject to the terms of the plan.

### SUCCESSOR INSURED BENEFIT

(In Missouri, Conversion Privilege (Successor Insured))

If spouse coverage is in force at the time of the primary insured's death, the surviving spouse may elect to continue coverage. Coverage would continue at the existing spouse face amount and would also include any dependent child coverage in force at the time. See certificate for details.

### CHILD COVERAGE AT NO ADDITIONAL COST

Each dependent child is covered at 50 percent of the primary insured's benefit amount at no additional charge. Children-only coverage is not available.

### HEALTH SCREENING BENEFIT / $50 PER CALENDAR YEAR

Payable for health screening tests performed while an insured's coverage is in force. We will pay this benefit once per calendar year, per insured. This benefit is only payable for health screening tests performed as the result of preventive care, including tests and diagnostic procedures ordered in connection with routine examinations.

We will pay the benefit shown if an insured is diagnosed with human coronavirus, and such diagnosis results in either a period of hospital confinement or hospital intensive care unit confinement as a direct result of human coronavirus. Furthermore, the date of diagnosis must be while the rider is in force.

In addition, the insured must be receiving treatment for human coronavirus for the minimum number of days shown. Only the highest eligible benefit amount will be payable under these benefits. In the event a lower benefit amount was previously paid under these benefits for any period of hospital confinement and that confinement is extended or the insured is moved to an intensive care unit triggering a higher payment, the difference between the previous paid benefit amount and the new benefit amount will be provided.

For any subsequent human coronavirus diagnosis to be covered, the date of diagnosis must satisfy the Additional Diagnosis separation period outlined in the brochure.

In Alaska, all references to Human Coronavirus are revised to Severe Human Coronavirus.

Benefits are payable if a dependent child is diagnosed with one of the conditions listed and the date of diagnosis is while the rider is in force. (In Indiana, diagnosis must not be specifically excluded by the plan.)
Critical Illness is a disease or a sickness as defined in the plan that first manifests (In Maryland and South Dakota, that manifests; In Illinois, began) while your coverage is in force. In Pennsylvania, a disease or sickness as defined in the plan that is diagnosed or first treated while your coverage is in force.

**Date of Diagnosis is defined as follows:**
- **Cancer:** The day tissue specimens, blood samples, or titer(s) are taken (diagnosis of cancer and/or carcinoma in situ is based on such specimens).
  - In North Carolina, the day tissue specimens, biopsy, culture, blood samples, or titer(s) are taken upon which the positive medical diagnosis is the date the diagnosis is communicated to the insured. (Diagnosis of Cancer and/or Carcinoma in Situ is based on such specimens).
- **Non-Invasive Cancer:** The day tissue specimens, blood samples, or titer(s) are taken (diagnosis of cancer and/or carcinoma in situ is based on such specimens).
  - In North Carolina, the day tissue specimens, biopsy, culture, blood samples, or titer(s) are taken upon which the positive medical diagnosis is the date the diagnosis is communicated to the insured. (Diagnosis of Cancer and/or Carcinoma in Situ is based on such specimens).
- **Skin Cancer:** The date the skin biopsy samples are taken for microscopic examination.
- **Bone Marrow Transplant (Stem Cell Transplant):** The date the surgery occurs.
- **Coronary Artery Bypass Surgery:** The date the surgery occurs.
- **Heart Attack (Myocardial Infarction):** The date the infarction (death) of a portion of the heart muscle occurs. This is based on the criteria listed under the heart attack (myocardial Infarction) definition.
- **Kidney Failure (End-Stage Renal Failure):** The date a doctor recommends that an insured begin renal dialysis.
- **Major Organ Transplant:** The date the surgery occurs.
- **Stroke:** The date the stroke occurs (based on documented neurological deficits and neuroimaging studies).
- **Sudden Cardiac Arrest:** The date the pumping action of the heart fails (based on the sudden cardiac arrest definition).

Dependent children are your or your spouse's natural children, step-children, grandchildren who are in your legal custody and residing with you, children subject to legal guardianship, legally adopted children, or children placed for adoption, who are younger than age 26. Newborn children are automatically covered from the moment of birth. Definition may vary by state. Read your certificate carefully for details.

A doctor does not include you or any of your family members. For the purposes of this definition, family member includes your spouse as well as the following members of your immediate family:
- Son
- Daughter
- Mother
- Father
- Sister
- Brother

This includes step-family members and family-members-in-law. (In Pennsylvania, reference to family-members-in-law is not applicable.)

In South Dakota, A doctor who is your family member may treat you if that doctor:
- Illegal use of non-prescription drugs
- Services provided for alcohol and drug detoxification
  - In Maryland, Nevada, South Dakota and Vermont, this exclusion does not apply.
- An error, mishap, or malpractice during medical, diagnostic, or surgical treatment or procedure.
  - In Pennsylvania and Utah, this exclusion does not apply.
- In Maryland, diagnosis of a critical illness made by a family member.
- In Maryland, any claim that the appropriate regulatory board determines were provided as a result of a prohibited referral as defined in §1-302 of the Health Occupations Article.
SPECIFIED DISEASE RIDER

These benefits will be paid based on the face amount in effect on the specified disease date of diagnosis. All limitations and exclusions that apply to the critical illness plan also apply to the rider unless amended by the rider.

No benefits will be paid for loss which occurred prior to the effective date of the plan.
