The Louisiana State Board of Elementary and Secondary Education (BESE) is the administrative body for all Louisiana public elementary and secondary schools; it also performs certain administrative functions for the state’s nonpublic elementary and secondary schools. BESE adopts regulations and enacts policies governing the operations of the schools under its jurisdiction and exercises budgetary oversight of their educational programs and services.

Louisiana serves nearly 800,000 students, located within 169 Local Education Agencies (LEA). The students of Louisiana are diverse and thus, shall be provided with school choice options that best fit their individual needs. The graphics below provide more detail on the student demographics.

The charter school law was enacted by the Louisiana Legislature to create a structure whereby city, parish, and other local public school boards and BESE can authorize the creation of innovative schools for students in Louisiana.

In Louisiana, the purposes of charter schools include providing opportunities for educators and others interested in educating pupils to form, operate, or be employed within a charter school, with each such school designed to accomplish one or more of the following objectives as cited in Bulletin 126, Section 105:

1. Improve pupil learning and, in general, the public school system;
2. Increase learning opportunities and access to quality education for pupils;
3. Increase educational opportunities for students in formerly failing schools;
4. Increase learning opportunity choices for parents and students;
5. Encourage the use of different and innovative teaching methods and a variety of governance, management, and administrative structures;
6. Require appropriate assessment and measurement of academic learning results;
7. Account better and more thoroughly for educational results;
8. Create new professional opportunities for teachers and other school employees, including the opportunity to be responsible for the learning program at the school site;
9. Provide competition within the public school system in order to stimulate continued improvement in all public schools; and/or
10. Expand the capacity of the public school system.

There are six types of charter schools in Louisiana, outlined in the table below. The oversight for Type 1, 3, and 3B charter schools lies with the local district by which the schools are authorized, while the Louisiana Department of Education (LDOE) is directly responsible for the oversight of Type 2, 4, and 5 charter schools.

**BESE accepts applications for Type 2, Type 4, and Type 5 charter schools, and local charter authorizers accept applications for Type 1, Type 3, and Type 3b charter schools, each of which have specific pathways and requirements for submission:**
