

The doctor is in!

Claiborne Elementary students can now receive care at school from a family medicine doctor.

- Doctor can treat things like a sore throat, cough, sprains, etc.
- Doctor will be here one day a week to start, but the clinic will continue to grow

This new school-based clinic is a collaboration between EBRP School System and the Family Health Center at Baton Rouge General - Mid City

FAQs

What about my child's existing pediatrician?

We know your child's pediatrician is a trusted healthcare provider, and we want it to stay that way! The goal of this school-based clinic is to supplement your child's care and make things easier for caregivers when their kids get sick.

Will I have to pay for this service?

Clinic visits are covered by most insurances.

If you need help enrolling in an insurance plan, **scan this QR code**

How do I opt in?

Much like other documents the school keeps on file for your child, the doctor will need a signed consent form to keep on file for each child.

Scan this QR code to learn more, and to fill out and upload consent form.
