RE: Asbestos Management Plan (AMP)

In compliance with the Environmental Protection Agency's Louisiana Administrative Code Title 33: III.27, The East Baton Rouge Parish School Board wishes to notify you that schools & facilities owned by the East Baton Rouge Parish School Board are regularly inspected for the presence and condition of asbestos containing materials.

The results of inspections are compiled and available for your review during regular hours in the Principal's Office or the central office of your respective facility. The AMP contains the results and findings of the inspections conducted at your facility, reports and results of materials samples that were taken as a result of the inspections, the historic and current records of asbestos abatement activities, and post-abatement activity testing.

Should you need additional information, please contact me at cmalveaux1@ebrschools.org
