

# THE DUFROCQ SCHOOL

## NEWSLETTER

September | 2023

**"100 Years Rooted, 100 More to Grow"**  
Celebrating 100 Years of Educating Students!

It's almost the season of Fall and we will be falling back into MicroSociety.

MicroSociety is a program unique to our school that promotes our students as leaders. The staff guides students into facilitating various ventures that make up our society that we call Crawfish Bayou. Each class elects a class representative and all students elect a Mayor and Mayor Pro Temp of our Crawfish Bayou. Various community partners participate. We also look forward to school-wide events such as the Job Fair, Venture Days, The Crawfish Bayou Parade, and MicroSociety Night. The back of this newsletter has the various ventures that students will be able to choose to participate in. We will keep families updated on events throughout the month and how to participate. Each class starts this month with the Government lessons that are part of the program. <https://www.microsociety.org/>
