**Happy Birthday!**

MS. EDNA DAVIS, March 1  
MS. PAMELA SENSLEY 26

During Black History month, our students learned why Black History is celebrated. Trailblazers such as Dr. Martin Luther King, Rosa Parks, Kamala Harris, Barack & Michelle Obama, Oprah Winfrey, Stevie Wonder, Serena & Venus Williams, Michael Jackson, and many others were discussed. Each child was assigned the name of a famous Black person in history and was presented with the opportunity to dress like that person for the 2024 Black History Program which was held at the school on February 28th. A special "Thank You" to all parents, guardians, relatives and friends who supported our students by attending the program or by allowing participation in the fun-filled activities.

*From the Principal's*

We are "marching" into this month with lots of energy, smiles and expectations! Our students are making phenomenal progress and we are excited to be able to watch them learn and grow. Students must feel that we are all involved together to provide the best education possible for them. As parents, when you direct your child at home, talk with his/her teacher or simply listen to them read aloud, you are helping to complete the educational chain which links all of us to your child. Let's continue to support our children throughout the rest of this school year. Thank you for all that you do!

*Glenda Smith, Principal*

## Manners of the Heart

When we treat children's play as seriously as it deserves, we are helping them feel the joy that's to be found in the creative spirit. We're helping ourselves stay in touch with that spirit, too. It's the things we play with and the people who help us play that makes a great difference in our lives.
