

EVA LEGARD
CENTER FOR COASTAL AND
ENVIRONMENTAL STUDIES

July 17, 2024

Hello Eva Legard Families!

Welcome to the 2024 – 2025 school year!

I hope this letter finds you in good health and high spirits. As we begin a new academic year, I am honored to extend a warm welcome to all our students, both returning and new, along with their families to Eva Legard Center. I speak for the entire staff when I say we are excited to begin the new school year.

This year is the 3rd year for the school, growing from only a 6th grade to grades 6-8 this year. We are currently working on setting up field trips, including a possible overnight trip for the 7th grade students. Eighth graders will take at least three high school classes on campus, pushing them ahead of most other middle school students when they enter high school.

We believe in the power of teamwork and the significance of a strong partnership between home and school. I encourage you to actively engage in your child's education, maintain open lines of communication, and participate in school activities and events whenever possible. Together, we can provide the support and guidance our students need to thrive academically, socially, and emotionally.

I encourage you to stay connected with our school through email, Class Dojo, the JCampus Parent Portal, district and school website , <https://ebrschools.org/schools/evalegardcenter/>, Facebook, the EBR Schools app, and regular communication updates. These platforms will provide you with important announcements, academic resources, and information about upcoming events. Additionally, please do not hesitate to reach out to our dedicated staff members should you have any questions, concerns, or suggestions.

We will be holding our “Welcome Back” event on Wednesday, August 7th from 1:00 - 2:30. Students can get their schedules and meet their teacher. I will also hold a brief parent meeting at 1:30 in the gym to answer any questions you may have.

Thank you for your support, and I look forward to a successful and rewarding year ahead.

Michael Butler, Principal
