# A MESSAGE FROM THE SUPERINTENDENT

**Dear School Board Members,**

As Superintendent of East Baton Rouge Parish Schools, I am proud to present the Fiscal Year 2027 (FY27) Proposed Budget. This budget reflects our unwavering commitment to the students, families, educators, and community we serve. It is grounded in meaningful engagement, careful analysis of data, and a clear vision for the future of our district.

Over the past year, we have listened intently to stakeholders across our community—students, parents, teachers, staff, and residents—to inform both our [Strategic Plan](#) (January 2025–December 2028) and this proposed budget. What we heard was clear: our community expects and deserves strong student outcomes, safe and modern learning environments, and continued investment in the people who make education possible.

**This FY27 budget is directly aligned to our three core commitments:**

- Student Achievement
- Operational Excellence
- Employee Development

It also reflects the priorities consistently voiced by our advisory groups and the broader community:

- Literacy and Foundational Learning
- Safety and Security
- Facilities Improvements
- Competitive Compensation to attract and retain high-quality educators

With a proposed total investment of \$836.4 million, this budget strategically allocates resources to the areas that will have the greatest impact on student success.

Key investments include:

- Early Childhood Education (\$9.6 million): Expanding access to high-quality early learning opportunities to ensure every child enters kindergarten ready to succeed.
- Literacy and Foundational Learning (\$17.1 million): Strengthening reading outcomes and providing additional instructional support in every K–2 classroom across our Foundational Learning Centers.
- Workforce Development and Career Readiness (\$18.8 million): Preparing students for life beyond graduation through internships, dual enrollment opportunities, and strong career and technical education pathways.
- Safety and Security (\$6.3 million): Continuing to enhance school safety through security personnel, AI-powered metal detection, comprehensive camera systems, and improved campus infrastructure.

---

\*Includes all students in traditional district-run schools

Key investments include:

- Facilities Improvements (\$64.3 million): to improve the learning climate for students. Highlighted improvements include Baton Rouge Center for the Visual and Performing Arts, McKinley High School, and the creation of a new e-sports complex at the former Broadmoor Middle School site.
- Competitive Compensation (\$21.8 million): In partnership with a consultant, the district redesigned the salary schedule to create a more equitable compensation structure and raise the starting teacher salary to \$56,000. The updated schedule aligns pay more fairly with years of experience and addresses longstanding salary compression concerns.

Throughout the development of this budget, we have taken a disciplined, data-driven approach continuously reviewing revenue projections and prioritizing only the most essential and high-impact investments aligned to our Strategic Plan.

We are also taking critical steps this year to realign our facilities footprint, ensuring that every student has access to safe, modern, and well-equipped schools that support both academic success and personal growth.

I am deeply grateful to everyone who contributed their voice to this process. Together, we are advancing a strategic, student-centered vision for East Baton Rouge Parish Schools as we continue to **"Dare to Be Great"**.

**Lamont Cole**

# OVERVIEW

This document presents the proposed revenues and expenditures for the East Baton Rouge Parish School Board for Fiscal Year 2027 (FY27), which covers July 1, 2026 through June 30, 2027.

For the upcoming year, the District anticipates total revenues of approximately \$836.4 million and projected spending of about \$22,422 per student.

Louisiana law requires the School Board to adopt a balanced budget each year, meaning that planned expenditures cannot exceed the total funds available.

**To adopt the budget, the District must:**

**To comply with state law, the District must complete the following steps:**

- Publish a budget summary: This document, along with the FY27 Budget Book, fulfills that requirement.
- Hold a public hearing: The budget hearing is scheduled for June 4, 2026.
- Provide public notice: A notice of the hearing has been submitted to the District's official journal, *The Advocate*, in accordance with state law requiring publication at least 10 days prior to the first public hearing.

The School Board is expected to vote on the proposed budget on June 11, 2026.

**Importance of Timely Approval.**

Adopting the budget on time is critical for the following reasons:

- The District should begin each fiscal year with an approved budget in place. If a budget is not adopted before June 30, 2026, the District would be limited to operating with only half of the prior year's funding.
- The District is also required to submit a fully approved and detailed budget to the Louisiana Department of Education by September 30, 2026.

# SYSTEM PROFILE

## Mission

EDUCATING ALL STUDENTS FOR SUCCESS.

## Vision

THE EAST BATON ROUGE PARISH SCHOOL SYSTEM ENVISIONS AN EDUCATION SYSTEM THAT PRODUCES SUCCESSFUL, CONFIDENT AND LIFELONG LEARNERS WHO CAN NAVIGATE CHALLENGES AND CONTRIBUTE MEANINGFULLY TO SOCIETY.

East Baton Rouge Parish Schools (EBR) serves nearly 40,000 students from pre-kindergarten through 12th grade, supported by approximately 5,800 employees. The district provides a broad range of educational opportunities, including both core academic instruction and specialized programs. Students are served in diverse learning environments, including traditional and enriched academic programs, special education services (through age 22), career and technical education, and thirteen charter schools (4 elementary, 2 middle, 2 K-8, 3 K-12, and 1 high school).

In addition, the District supports approximately 2,600 adult education students each year.

EBR is committed to meeting student needs by providing:

- Highly qualified teachers and support staff
- Instructional materials and classroom resources
- Safe, inclusive, and well-maintained school facilities
- Student services such as meals, transportation, and health support
- Administrative and operational services that ensure efficient district operations
- Ongoing maintenance to preserve and improve school facilities

Together, these efforts support a high-quality educational experience for all students.

# STRATEGIC PLAN

In January 2025, the School Board adopted a [Strategic Plan](#) covering January 2025 through December 2028. The plan centers on three key commitments: student achievement, operational excellence, and employee development.

The District regularly reviews student performance data and uses this analysis to guide decision-making and monitor progress toward strategic goals. The District achieved historic gains on the 2025 state assessment (LEAP), earning a district School Performance Score (SPS) of 72.4, the highest in district history. Additionally, 88% of direct run high schools increased their SPS, and EBR ranked 10<sup>th</sup> in the state for overall growth. While these results reflect significant progress, the district remains focused on continuing academic growth and closing achievement gaps among student groups.

## REALIGNMENT, DISTRICT INITIATIVES, AND START TIMES

In April 2025, the School Board approved a realignment plan designed to better align resources, enhance school environments, and expand educational opportunities. This plan includes the closure and consolidation of select schools, adjustments to attendance zones, and changes to program offerings at various sites. In May 2026, the Board approved two additional foundational learning centers.

Building on this progress, the District plans to add additional foundational learning centers and expand adjusted start times to the Park Forest area as part of a broader initiative to promote student well-being across all schools.

As part of this effort, the District established two foundational learning centers focused on early literacy for students in grades K–2, with the goal of ensuring all students are reading on grade level by third grade. The District also adjusted school start times in the Capitol and Glen Oaks regions, placing high schools on later schedules to support improved student health and academic performance.

In FY 2025–2026, the District introduced the System for Teacher and Student Advancement (TAP) model, developed by the National Institute for Excellence in Teaching (NIET), at three lower-performing schools: Claiborne Elementary, Capitol Elementary, and Park Forest Middle School.

This model establishes three distinct career pathways for teachers—career teacher, mentor teacher, and master teacher. It supports ongoing, job-embedded professional development and emphasizes instructional accountability. Mentor and master teachers work directly with their colleagues to strengthen teaching practices, improve student outcomes, and conduct evidence-based evaluations.

Additionally, staff at these schools receive stipends tied to both performance and growth metrics at the teacher and student levels. For FY 2026–2027, the District plans to expand TAP implementation to include Istrouma High School among the participating campuses.

For FY 2026–2027, the District will introduce the Student First Network (SFN) model at Capitol High School and Glen Oaks High School. This approach, influenced by practices implemented in Houston ISD, serves as a comprehensive reform strategy designed to improve academic performance, particularly in schools requiring additional support.

Under this model, teachers implement a centralized, district-approved curriculum to ensure consistency across classrooms and campuses. Core subjects—including math, science, social studies, and English language arts—incorporate daily, time-bound assessments to monitor student mastery in real time. Classrooms are structured to meet diverse learning needs, providing targeted remediation for struggling students as well as opportunities for acceleration for those performing above grade level.

## BUDGET DEVELOPMENT PROCESS

EBR's budget development process focuses on strengthening alignment with District priorities. Key steps in the process include:

- Establishing budget priorities based on student performance data
- Developing enrollment and funding projections
- Allocating resources to schools through a staffing model
- Engaging stakeholders through focus groups, an online survey, social media, and a community meeting
- Final approval of the budget by the School Board

This approach enhances transparency, community engagement, and alignment between resources and student needs.

# REVENUE SUMMARY

# REVENUE SUMMARY

EBR receives money, or revenue, based on student enrollment. Statewide enrollment has decreased 6.5% over the last decade. In East Baton Rouge, over the past 11 years, enrollment overall has decreased by 4.7% for all district-run and district-authorized charter schools. Continued enrollment decline means continued decreases in state and federal revenues.

Among traditional district-run schools, enrollment has decreased by 13.9%. Enrollment among district-authorized Type I charter schools has increased by approximately 8% year over year. This means an increasing share of the district’s total state funding is allocated to these schools. For FY27, the projected \$164.0 million represents 26% of the overall budget. The changes have contributed to the need for continued realignment.

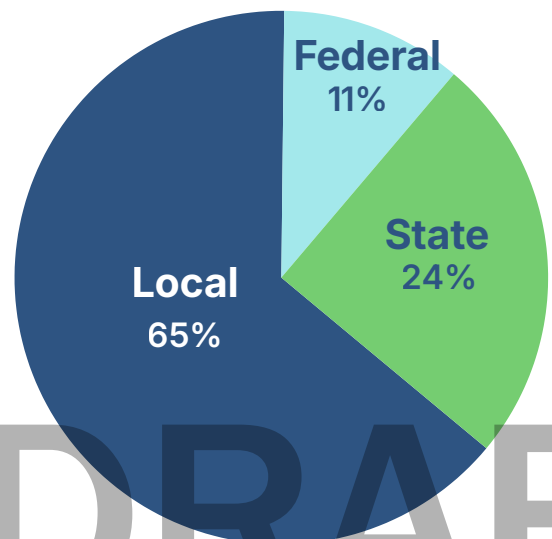

TRADITIONAL AND TYPE I CHARTER SCHOOLS OVER TIME

## FY 27 REVENUE SOURCES

EBR receives revenues from local property and sales taxes, state funds based on student enrollment, federal funds for specific programs, and other sources, such as donations.

Most of the district’s money comes from local property taxes and sales taxes collected within the community. For the 2026-27 school year, 65% of funds are projected to come from local funds, 24% from state funds, and 11% from federal and other sources. Revenue projections are based on the Board approved Revised 2025-2026 General Fund Budget and other current data.

# DETAILS ON REVENUE SUMMARY

**Sales and Use Taxes:** The District relies on historical collection data to project sales and use tax revenues. For the current year, monthly budget estimates were developed using the average collections from the past three years.

**Other Local Revenue:** This category includes miscellaneous sources such as interest earnings, lease and rental income, Medicaid reimbursements, and extended day program fees. Projections are based on historical trends and prior-year collections.

**State Sources:** The District’s primary source of state funding is the Minimum Foundation Program (MFP). Funding estimates are based on the Louisiana Department of Education’s March 2026 projected allocation letter and reflect student enrollment and identified needs, including special education services. These projections do not include any potential legislative pay raises or stipends. Should additional state funding be approved, the District will recognize both the revenue and corresponding expenditures through a budget amendment.

**Federal Sources:** The District receives federal funding to support specific programs, including school nutrition services, special education, and Title I programs that provide additional resources for students from economically disadvantaged households.

**Ad Valorem (Property) Taxes:** Property tax revenues are estimated using historical collection data. The table below outlines the millage rates that were rolled forward in 2024.

Tax Assessment Mills	Mills
Constitutional Tax	5.25
Special Maintenance Tax	1.04
Special Tax- additional aid to public schools	6.5
Special tax – additional teachers	2.78

Special tax- support ADAPP	0.72
<b>Total</b>	<b>43.45</b>

# LOOKING AHEAD

As enrollment continues to decline both statewide and within the District, EBR anticipates ongoing reductions in state and federal funding. The recently adopted realignment plan provides a strategy to rightsize the system, allowing the District to align resources more effectively and make strategic, forward-looking investments.

EBRPSS is positioned to continue advancing academic achievement following historic gains in the 2025 LEAP results, including the highest School Performance Score in district history (72.4). That progress creates a strong foundation to keep raising expectations for students and schools.

Looking forward, key priorities and opportunities include:

- **Sustaining academic growth** by strengthening literacy and math instruction and supporting targeted student interventions where needed
- **Expanding high-quality learning opportunities** such as advanced coursework, career and technical education, and enrichment programs that prepare students for college and careers
- **Investing in educators** through improved compensation structures, professional development, and recruitment efforts aimed at retaining top talent
- **Enhancing school-level support and transparency**, including clearer access to school budgets and resources to ensure equity and informed community engagement
- **Strengthening facilities and learning environments** to ensure schools are safe, modern, and conducive to student success
- **Deepening family and community partnerships** so that schools and stakeholders are aligned in supporting student outcomes

Overall, the direction is focused on building on recent gains and continuing to push toward stronger academic outcomes, greater equity, and expanded opportunities for every student.

# EXPENDITURE SUMMARY

RAFT

# EXPENDITURE SUMMARY

EBR’s largest investment in the FY 2026–2027 General Fund is in salaries and benefits for the educators and staff who serve students. This category represents approximately 72% of the total General Fund budget, excluding charter school appropriations. Other major areas of investment include Property Services (11%), Supplies (6%), and Purchased Services (5%).

The budget is developed using standardized expenditure categories common to school districts across the state, including:

- **Salaries and Benefits:** These costs are based on staffing at both the school and central office levels, employer contribution rates to retirement systems, and health insurance costs for active and retired employees. The budget reflects the implementation of a revised salary schedule and salary increases for staff. Substitute teacher costs will be funded with federal resources and are capped at \$4 million for the fiscal year.
- **Purchased Professional and Technical Services:** This category includes expenses such as sales tax collection fees, pension-related costs tied to property taxes, legal and audit services, and other contracted professional services.
- **Purchased Property Services:** These expenditures cover facility-related costs, including maintenance and repairs, utilities (water and sewage), waste disposal, pest control, and equipment and vehicle rentals.
- **Other Purchased Services:** This category includes district insurance, instructional software, telecommunications, travel, printing, and postage.
- **Supplies:** Expenditures include utilities such as electricity and natural gas, fuel, textbooks, library resources, instructional materials, and technology-related supplies.
- **Property:** This category includes capital purchases such as vehicles, technology hardware, and software.
- **Debt Service and Miscellaneous:** These expenditures cover principal and interest payments on outstanding bonds, including the 2009 and 2010 QSCB bonds and the High School Experience bond, as well as membership dues.
- **Appropriations:** This category includes required payments to charter schools, including state and local funding for Type I charter schools and local funding for Type II and Type V charter schools.

**EXPENDITURES BY OBJECT EXCLUDING CHARTER SCHOOL APPROPRIATION**

# ALLOCATING RESOURCES TO TRADITIONAL CAMPUSES

# ALLOCATING RESOURCES TO TRADITIONAL CAMPUSES

As part of the budget development process, EBR first estimates available funding, then evaluates each school's student population and program needs to determine how resources should be allocated. Staffing and funding decisions are designed to align with the specific needs of each campus.

Resources are distributed to schools using a staffing-based model, ensuring equitable access to personnel and funding appropriate for each school's enrollment and instructional programs.

- **Enrollment projections:** The District develops projected student enrollment figures for each school to guide planning for the upcoming year.
- **Initial allocation:** A student-focused budget is developed by the Superintendent, outlining staffing levels and resource allocations tailored to each school's needs.
- **Review and adoption:** Input and recommended adjustments from principals and Board members are incorporated into the proposed plan, resulting in a final budget presented to the School Board for approval.

For details on proposed allocations for each school, [click here](#).

# CHARTER APPROPRIATIONS

By state law, a portion of district revenues are designated for Type I charter schools based on their October student enrollment. In FY26, the district passed through \$92.1 million, or 10% of the district’s total budget, to these Type I charter schools to develop their own budgets to fund their operations.

In addition, the district makes payments to Type II, Type V, and Office of Juvenile Justice (OJJ) programs in order to provide them with their portion of local property and sales tax monies.

The table below shows the pass-through and payments, along with total enrollment, for Type I, Type II, Type V charter schools, and OJJ. For FY27, the projected \$164.0 million in funds allocated to charter schools represents 21% of the overall budget.

# FUND BALANCE

The fund balance is money that the district saves for unexpected events or needs, such as for natural disasters. It is also sometimes called cash reserves. This is listed in the summary as the district’s unassigned general fund balance.

# GLOSSARY OF TERMS

**Adopted Budget** - A spending plan approved by the School Board.

**Ad Valorem Taxes** - Property taxes based on the value of homes or other property. Most of EBR's funding comes from local property taxes and sales taxes collected within the community.

**Appropriation** - Official permission to spend money for a specific reason.

**Assessed Valuation** - The dollar value the government assigns to property for tax purposes.

**Audit** - A formal review of how public money was spent.

**Basis of Accounting** - A method used to track when money is received and spent. EBR budgets are prepared using the modified accrual basis of accounting.

**Bond** - A promise to pay back borrowed money with interest, often used to fund big projects like new school buildings.

**Budget** - A plan that shows how much money the district expects to receive and how it plans to spend it.

**Capital Projects** - Construction or large improvement projects paid for with long-term investments.

**Contractual Services** - Services provided by outside businesses or professionals.

**Debt Service** - Payments made to cover borrowed money and interest.

**Encumbrance** - Money that's been set aside, or obligated, for a specific purchase.

**Expenditures** - Money that's actually been spent during the year.

**Expenditures per Pupil** - How much money is spent per student in a year.

**Fiscal Year (FY)** - A fiscal year is a 12-month period during which the district plans and tracks its financial activities, including budgeting, revenue and expenses. EBR's fiscal year runs from July 1 to June 30.

**Function** - The reason the money is being spent.

**Fund** - A pool of money set aside for a certain purpose.

**Fund Balance** - Money left over after all expenses. The fund balance provides funds for unexpected events or needs, such as for natural disasters. It is also sometimes called cash reserves.

**General Fund** - The main account the district uses to operate. The general fund revenues include local property and sales taxes, state funds, and federal funds for Junior ROTC and federal grants administration.

**Instructional Supplies and Materials** - Items used for teaching, including textbooks and library books.

# GLOSSARY OF TERMS

**Mill Levy/Millage Rate** – The rate for property taxes. One “mill” means a resident pays \$1 for every \$1,000 of their property’s assessed value.

**Minimum Foundation Program (MFP)** – The state’s funding formula for allocating funds to school districts based on student enrollment and specific student needs, such as for special education.

**Modified Accrual Basis** – A way of budgeting that tracks cash and other funds that can easily become cash. EBR budgets are prepared using the modified accrual basis of accounting.

**Object** – The type of item or service being purchased (like supplies).

**Proposition** – Local sales taxes approved by voters. Proposition 1, or the district’s capital projects fund, pays for improvements to school facilities, construction of new facilities, and technology enhancements. Propositions 2 and 3 fund the continuation of discipline programs and employee compensation.

**Proprietary Funds** – Proprietary funds attempt to recover costs through charges to the user. The District uses the Internal Services Funds (proprietary funds) to account for activities for workers’ compensation, risk management, and medical insurance.

**Revenues** – All the money the district receives.

**Source of Funds** – Where the money comes from (local, state, or federal).

**Special Revenue** – Money that must be spent on specific things. The special revenues include approximately 60 sources. The largest are federal funds for school meal programs and students with disabilities and those experiencing economic disadvantage, local tax funds that support student services (“Proposition 2”), and teacher recruitment and retention (“Proposition 3”).

**Type 1 Charter** – A charter school approved by the local school board.

**Type 2 Charter** – A charter school approved by the Louisiana Board of Elementary and Secondary Education (BESE).

**Type 5 Charter** – A charter school in the Recovery School District and authorized by the Board of Elementary and Secondary Education (BESE).

**Transfers** – Moving money from one fund to another without buying anything.

**Vendor** – A company or person that sells products or services to the school district.

**PURPOSE OF GENERAL FUND**

The General Fund is the District's principal fund and accounts for all financial transactions except those required to be accounted for in another fund. This fund includes revenues from ad valorem taxes, state funding, federal reimbursements, investment earnings, tuition, and various other revenues for services provided other agencies and local sources. Financial transactions of the District are recorded in detail in the general ledger and reflect transactions encompassing the approved current operating budget.

## Information Pertaining to All Salary Schedules

The 2026-2027 schedules were designed to produce internally consistent, externally competitive, and operationally defensible compensation. Three schedule families exist.

- **Certified Instructional Staff:** Teachers and other certified roles are placed on a schedule with four degree lanes and 35 experience steps. Pay is determined by earned degree and verified years of teaching experience. The contracted teacher work year is 182 days.
- **School Administrators:** Assistant Principals and Principals are paid on an indexed structure derived from the Master's lane of the 182-day Teacher schedule. The index reflects the level of responsibility, complexity, and extended work calendar of each leadership role.
- **Support and Classified Personnel:** Support roles are placed on experience-based schedules tied to job family and minimum role requirements.

Across all three families, Step 0 reflects the minimum experience requirements stated in the job description. Step 0 is not a placeholder for zero experience. It is the entry rate for a candidate who meets the minimum qualifications for the position. Consistent treatment of this principle across schedules, offer letters, and employee communications is essential to defensible placement decisions.

*Experience: Experience means verified prior employment in a comparable role that meets the eligibility criteria established for the applicable employee group. Only experience that is verified in writing, that satisfies role-alignment criteria, and that exceeds the minimum requirements stated in the job description is creditable for placement above Step 0.*

- **Verification:** Experience must be documented in writing on official employer letterhead or through an EBRPSS-issued verification form returned directly from the prior employer. Documentation must include employer name, position title, employment dates by month and year, and full-time or part-time status. Note: If applicable, new teachers coming to EBRPSS, must use the Verifent website to verify qualifying years of teaching experience. All new teachers to the district will receive 0 years of teaching experience until the verification of previous experience is received
- **Comparability:** Experience must be in a role substantially similar to the EBRPSS position. The Chief Human Resources Officer or designee determines comparability for support and classified roles. The Superintendent determines comparability for non-education leadership experience proposed for administrator placement.
- **Year of Experience:** One year of creditable experience is defined as a school year or fiscal year in which the employee worked at least 91 days in a full-time capacity. A year of teaching experience is granted if the person was employed for at least ninety-one (91) instructional days during one school year, excluding holidays.

### Experience by Employee Group

#### Certified Instructional Staff

- All prior experience in a K-12 public or accredited private school setting where the role required a valid teaching or professional educator certificate is creditable.
- Prospective employees coming from charter, private, parochial, university/higher education, or PL-holder status who do not hold a standard teaching certificate may be granted experience credit for prior verified work performed in the role of teacher
- A year of teaching experience is granted if the person was employed for at least ninety-one (91) instructional days during one school year, excluding holidays.

#### School Administrators

- Assistant Principal and Principal positions on the indexed structure require a Master's degree as a minimum qualification.

DRAFT

- All prior experience in teaching roles and in administration is creditable.
- Non-education leadership experience may be credited at the discretion of the Superintendent when directly relevant to the position.
- For indexed administrator positions, experience determines the step on the Master's lane of the 182-day teacher schedule from which the daily rate is derived.

#### Support and Classified Personnel

- Experience must be in a comparable role as determined by Chief Human Resources Officer or designee.
- Public sector and private sector experience may be credited based on role alignment.
- Experience in substantially different fields or job functions is not creditable.

#### New Hire Placement on the Schedule

Initial placement follows a uniform process across all schedule families. The starting principle is that Step 0 already reflects the minimum experience required by the job description. Experience considered for placement above Step 0 is therefore experience beyond that minimum. Position placements on Salary Schedules are based upon information currently available and may be subject to modification upon final placement approval.

#### Placement Procedure

- Determine the applicable schedule and lane based on the position and, for certified staff, the candidate's highest earned degree.
- Confirm that the candidate meets the minimum requirements stated in the job description. This is the basis for Step 0.
- Identify experience beyond the minimum requirements that qualifies as creditable.
- For teachers new to EBRPSS, credit verified prior teaching experience in a public school at the rate of one step per qualifying year.
- For all other positions, place the candidate at the step corresponding to verified experience beyond the minimum, subject to schedule maximums.
- Place the candidate at Step 0 if verification has not been received by the hire date. Adjust placement once verification is received.

#### Reemployment of Retired Teachers

Retired teachers returning to full-time teaching positions in EBRPSS are placed on the salary schedule with full credit for prior teaching service and any pertinent experience earned during the period away from the classroom. The principle is recognition of the full body of professional experience the returning teacher brings back to the district.

#### Step Increases

Under normal circumstances, satisfactorily performing employees, including new employees, become eligible for a step increase effective July 1. Eligibility requires that the employee has worked at least half of the work days in the assigned work-year schedule between July 1 and June 30. As an example, an employee on a 182-day work year must have worked at least 91 days in the prior fiscal year to be eligible for the step increase. Salary advancement concludes at 35 years of experience. Employees who reach this level will remain at the maximum salary, with no additional step increases.

#### General Promotional Rule

Promotions and transfers from one position to another are evaluated using the same placement framework as new hires. The successful candidate is typically placed at Step 0 of the new position because Step 0 reflects the minimum requirements of that role. If the employee's prior pay exceeds the calculated rate at the appropriate step on the new schedule, Human Resources may recommend a

placement that pays approximately five percent above the employee's pay immediately prior to the promotion, subject to the maximum of the applicable lane.

### Administrators

- Promotion to a school administrator position uses the indexed structure described in the School Leaders Salary Procedures. Pay is calculated from the Master's lane daily rate at the step matching the employee's total qualifying experience, multiplied by the position index, multiplied by the contracted days per year for the administrator position. Any applicable EDS or PhD premium is added to that result.
- A Teacher promoted to an Assistant Principal or Principal role retains credit for verified teaching years for purposes of the underlying daily rate.
- Promotion from one administrator position to a higher-index administrator position is calculated using the higher index applied to the same underlying daily rate, unless additional verified experience changes the step on the Master's lane.
- If the calculated indexed salary on the new position is less than the employee's prior pay, the Chief Human Resources Officer or designee may recommend a placement that pays approximately five percent above the employee's prior pay, subject to maximums and Superintendent approval.

### Reassignment/ Demotion

- Employees involuntarily reassigned to a lesser position will be placed on the same step of the lower Pay Grade. In cases of short-term promotions (1 year or less) that do not work out and the employee is reassigned to the old position, then placement will be on a step the employee would have enjoyed had the promotion not been made.
- When a contracted employee is being administratively reassigned or demoted to a new position, the salary will remain the same until the expiration of the contract. Upon expiration of the contract, the employee's salary will be placed on the new salary schedule aligned with the position and employee's experience.
- When a classified employee is being administratively reassigned or demoted to a new position, the employee will be placed on the salary schedule aligned to the new position immediately. When in the best interest of the school system, an employee who is asked to fill a lower position vacancy and who does so voluntarily shall have his/her salary frozen at the current rate until the grade and step on the schedule for the lower position reaches the frozen salary amount.

## ROTC Instructor, CODOFIL Teacher, and Associate Teacher Salary Procedures

### ROTC INSTRUCTORS

1. Minimum Junior ROTC Instructor pay is determined by Army Regulation. The Army requires the District to compensate Junior ROTC Instructors an amount, that when added to his/her retired pay, is equal to the individual's previous active duty pay and allowances exclusive of hazardous duty pay.
2. The District may elect to supplement the minimum Junior ROTC Instructor pay with a local supplement as deemed appropriate with other employee raises.
3. The District currently supplements the Junior ROTC Instructor pay by the monthly amounts below:

Junior ROTC Instructor Title	Months Worked	Monthly District Supplement
Director of Army Instruction (DAI)	12	\$2,375
Senior Army Instructor (SAI)	12	\$2,245
Military Property Specialist (MPS)	12	\$2,245
Operations Sergeant (OPS SGT)	12	\$2,245
Army Instructor (AI)	12	\$2,245
Army Instructor (AI)	10	\$2,400

4. 20% of JROTC employees' total annual salary is paid by the Proposition 3 Tax Plan.
5. Note: As per IRS Tax Law quoted on 9/15/2005, no portion of the Junior ROTC Instructor pay is non-taxable. Only active duty armed forces members are allowed exclusions from taxable wages.

### CODOFIL TEACHERS

1. The Salary schedules for the Council for the Development of French in Louisiana (CODOFIL) teachers is set annually by the Board of Elementary and Secondary Education (BESE).
2. The District considers the CODOFIL teachers as contract employees.
3. After completing 3 years with EBRPSS, CODOFIL Teachers returning to teach in year 4 will be compensated from the regular 9 Month Teachers Salary Schedule.

### ASSOCIATE TEACHERS

1. An Associate Teacher is a certified/highly qualified teacher working with a Teacher with a Master's degree or higher to assist in providing instruction, individualized instruction, small group assistance and faster paced lessons to the students as well as other educational responsibilities.
2. An Associate Teacher's salary is \$10,000 less than the 9 Month Teacher Salary Schedule. Using the Degree and Step of the Associate Teacher, place on schedule and then subtract \$10,000.

## School Leaders Salary Procedures

### Indexing of School Leaders

School-based administrator positions, specifically Assistant Principals and Principals, are paid on an indexed structure derived from the Master's lane of the 182-day teacher schedule. A Master's degree is a minimum qualification for these positions. The indexed structure does not apply to central office leadership.

Indexing produces three operational benefits. It anchors leader pay to the certified salary structure that the leader oversees. It produces transparent, formula-based progression that is defensible to boards and employees. It scales with experience without requiring separate administrator schedules.

*School-based administrator positions are compensated on an indexed structure derived from the Master's lane of the 182-day Teacher schedule. The annual salary for an administrator equals the Teacher daily rate (the Master's lane annual salary at the step matching total qualifying experience, divided by 182) multiplied by the index assigned to the position, multiplied by the contracted days per year for the administrator position. An additional premium of \$1,000 is added for an EDS, and \$2,000 is added for a PhD. The indices listed in the table below are Board-adopted and apply to all qualifying placements. This indexed structure applies only to school-based administrators. Central office leadership positions are not compensated under this schedule.*

### Index Schedule

Position	Days per Year	Index
Assistant Principal, Elementary	260	1.10
Assistant Principal, Middle	260	1.12
Assistant Principal, High	260	1.17
Principal, Elementary	260	1.15
Principal, Middle	260	1.20
Principal, High	260	1.25

The index reflects the increased responsibility, supervisory scope, and complexity associated with each leadership role relative to the classroom teacher position. Higher indices apply to roles with broader supervisory scope, greater building-level accountability, and higher operational complexity.

The daily rate for indexed administrator calculations is the annual salary on the Master's lane of the 182-day teacher schedule at the step matching the employee's total qualifying experience, divided by 182. The daily rate is the foundation for the indexed administrator salary calculation. It is recalculated whenever the underlying experience step changes.

### Calculation Method

- Step 1: Identify the Master's lane annual salary at the step matching the employee's total qualifying experience on the 182-day teacher schedule.
- Step 2: Divide that annual salary by 182. The result is the teacher daily rate.
- Step 3: Multiply the teacher daily rate by the position index from Section 5. The result is the indexed daily rate.
- Step 4: Multiply the indexed daily rate by the contracted days per year for the administrator position (typically 260). The result is the indexed annual subtotal.
- Step 5: Add \$1,000 if the employee holds an EDS, or \$2,000 if the employee holds a PhD. The sum is the administrator's annual salary.

### Worked Example

The following illustration shows the daily rate calculation for a Principal, Middle position. Values are illustrative only and are not adopted rates.

Calculation Step	Illustrative Value
Master's lane annual salary at applicable step (Step 10)	\$63,359
Teacher contracted days per year	182
Teacher daily rate (\$63,359 divided by 182)	\$348.13
Position index (Principal, Middle)	1.20
Indexed daily rate (\$348.13 x 1.20)	\$417.75
Administrator contracted days per year	260
Indexed annual subtotal (\$417.75 x 260)	\$108,615
Degree premium (EDS)	\$1,000
<b>Annual administrator salary</b>	<b>\$109,615</b>

Under normal circumstances, satisfactorily performing employees, including new employees, become eligible for a step increase effective July 1. Eligibility requires that the employee has worked at least half of the work days in the assigned work-year schedule between July 1 and June 30. As an example, an employee on a 182-day work year must have worked at least 91 days in the prior fiscal year to be eligible for the step increase.

**ATHLETIC SUPPLEMENTAL PAY ADDITIONAL INSTRUCTIONS**

1. The Athletic Supplemental Pay is designated for teachers who dedicate time beyond their regular school day to coach interscholastic athletics. It is the responsibility of each Principal to designate coaching duties, with written notification sent to the Department of PE/Athletics and the Office of Human Resources by the second week of July. This notification should include the names of the assigned coaches, sport coached, and assigned role.
2. The Athletic Supplemental Pay will be calculated based on the current East Baton Rouge Parish Teacher Salary Schedule for classroom teachers. The maximum percentage allowed for coaching duties shall be 20% of the base salary per coach. Coaches supplemental pay will align with the salary structure and assigned athletic position. If there are any changes in duties, updated salary calculations must be provided.
3. All football coaches, volleyball coaches, and First Aid Coordinators or Certified Athletic Trainers must report before the start of the school year for fall practice, as directed by the head coach. They shall be compensated with up to 11 days of pay at the daily rate of their current salary, as indicated by the East Baton Rouge Parish Teacher Salary Schedule for classroom teachers, plus the athletic supplement. The 11 days shall be prior contracted report date. Persons assigned in this role will only be compensated a maximum of 11 days and time must be documented with verified timesheets.  
 Summer Workshops: All coaching certifications, including First Aid and CPR, must be updated annually and kept on file with the assigned administrator or Athletic Director.
4. All Athletic Directors (ads) are required to sign a job responsibility form and meet with the Principal and the Department of PE/Athletics to review the responsibilities for the upcoming year. ads will report before the start of the school year to file all required paperwork and will be compensated with up to 11 days of pay at the daily rate of their current salary, based on the East Baton Rouge Parish Teacher Salary Schedule for classroom teachers, plus the athletic supplement. The 11 days shall be prior contracted report date. Persons assigned in this role will only be compensated a maximum of 11 days.  
 Paperwork Requirements: Extra days worked must be documented with verified timesheets, including activities such as compliance documentation, meeting with coaches, and other administrative duties.
5. Basketball and wrestling coaches shall be compensated with up to 5 days of pay at the daily rate of their current salary, as indicated by the East Baton Rouge Parish Teacher Salary Schedule for classroom teachers, plus the athletic supplement. This compensation is for work performed during non-school workdays, such as tournaments, scrimmages, or off-season practices.  
 Timesheet Documentation: All additional work performed must be documented with verified timesheets.
6. Baseball, track, softball, and soccer coaches shall be compensated with up to 2 days of pay at the daily rate of their current salary, as indicated by the East Baton Rouge Parish Teacher Salary Schedule for classroom teachers, plus the athletic supplement, for work performed during non-work school days.  
 Verification of Extra Work: All extra days of work must be documented with verified timesheets.
7. Coaches assigned to multiple teams during the same season will only be compensated a maximum of 5 days of pay for work performed during a non-work school day. This rule ensures that while coaches may be assigned to multiple teams, the compensation remains within reason and reflects the time commitment.
8. The principal will assign coaches to various coaching positions, as outlined in the salary schedule. All sports team coaches and rosters must be submitted to the Department of PE/Athletics and the Office of Human Resources by the second week in July. This is to ensure that all athletic assignments and rosters are reviewed and properly documented by the department. If assignments are unable to be filled at that time, they must be submitted by 30 days prior to the start of the season.

9. It is the responsibility of the principal to promptly notify the Department of PE/Athletics and the Office of Human Resources in writing whenever a teacher no longer has coaching duties, or when a coach's responsibilities change. This includes situations such as a coach resigning, being reassigned, or taking a leave of absence. No changes to coaching responsibilities will be honored without proper written notification. Failure to comply with this requirement may result in delays in processing payments or changes to staffing records.
10. All faculty coaches, regardless of school level, shall be certified in First Aid and CPR annually. These certifications shall be updated each year and documented to ensure the safety of the student-athletes. Certification records should be submitted at the beginning of each school year to ensure compliance with pay eligibility. The certification documentation shall be kept on file with the assigned administrator or Athletic Director.
11. Assistant coaches may be added at any location based on an increase in team population or other needs recommended by the school principal to the Director of PE/Athletics and the Office of Human Resources. Assistant coaches will be compensated at a pro-rata rate based on the responsibilities and hours committed. The principal should ensure that the addition of assistant coaches is justified and documented appropriately, especially in cases where team size or program expansion is involved.
12. Volunteer Coaches: The process for recruiting and appointing volunteer coaches will follow the guidelines specified by the Director of PE/Athletics and the Office of Human Resources. Volunteer coaches will be required to reapply annually to continue in their coaching role. These coaches must complete all required training and background checks before working with student-athletes. No volunteer coach will be permitted to work without prior approval from the Principal and the Director of PE/Athletics.
13. Compliance and Documentation: All coaching documentation including timesheets and training certificates shall be submitted to the school site Athletic administration and be accessible to the Department of PE/Athletics and the Office of Human Resources for record-keeping and compliance purposes.
14. Volunteer coaches shall complete background check and be fingerprinted annually and submit documentation to the Office of Human Resources and the Department of PE/Athletics.
