EBR Schools Invites Parents to Community Resource Fair

BATON ROUGE, La. — The East Baton Rouge Parish School System is inviting parents, caregivers and students to attend the “Falling in Resources” Community Resource Fair designed to help families prepare for the upcoming school year.

The free event will be held from 10 a.m. to 1 p.m. Saturday, Aug. 22, at the Inspiration Center, 5509 Winbourne Ave. Families will have the opportunity to connect with local organizations, learn about available programs and services, and gather resources to support student success throughout the school year.

Representatives from a variety of community agencies will be on hand, including before- and after-school program providers, tutoring services, and other organizations that offer educational, enrichment, and family support services.

"Preparing for a successful school year takes a strong partnership between our schools, families, and community," said Marlon Cousin, administrative director of Community Engagement for the EBR Schools Office of Communications and Public Relations. "We encourage every family to attend, explore the available resources, and build connections that will support their child's success throughout the year."

The Community Resource Fair is open to all EBR Schools families. Attendees can explore available resources, ask questions, and discover programs that can help students thrive both inside and outside the classroom.
