EBR Schools Opens New Welcome, Enrollment Center

BATON ROUGE, La. – The East Baton Rouge Parish School System is excited to announce the opening of a new Welcome Center to enhance how the district serves its families and make K-12 student enrollment more convenient for families and the community.

The Welcome Center, 4451 Fairfields Ave., serves as a central location where families can receive individualized assistance with student enrollment for the upcoming school year. It will provide comprehensive enrollment services for all district schools, with the exception of Magnet Programs.

The Welcome Center's official grand opening and ribbon-cutting ceremony will be held at 9 a.m. Tuesday, Aug. 11.

Superintendent LaMont Cole made the creation of a welcome center a priority, emphasizing the need for a streamlined enrollment process designed to help every student begin the school year ready to succeed.

"Our goal is to remove barriers and make enrolling in EBR Schools as convenient and supportive as possible," Cole said. "The Welcome Center provides families with one location where they can receive individualized assistance, have their questions answered and complete the enrollment process with confidence. We want every family to feel welcomed from the moment they choose EBR Schools."

COMMUNICATIONS & PUBLIC RELATIONS

The center is another step in EBR Schools' commitment to delivering outstanding service while ensuring every student has access to a high-quality education from day one.

The Welcome Center offers:

- K-12 enrollment assistance and guidance.
- Support with registration requirements and documentation.
- Information about district programs and student support services.
- One-stop enrollment assistance for families with students attending multiple schools.
- Assistance from trained staff and program representatives.

Families can continue to complete the entire enrollment process online through www.ebrschools.org.
