

Online School Payments

Online school payments are now available through the Glasgow Middle website.

- Go to the Parent Resources page of the Glasgow website (www.glasgowmiddle.org). There is a section for online payments.
- Click the link for the online payment website and you will be routed to another page. A login must be created before any purchases can be made.
- After the login ID has been created, you must create a student profile for your child. This profile includes the student's name and student ID, which can be found through the online grade portal.
- If you have multiple students in the East Baton Rouge Parish School System, one login can be used for all students.
- When you are ready to make a purchase, you will click on the student's school and click the items you want to be placed in your cart. Once the order is complete you will select the student you want to apply the charges to. You will now have to enter your name, address, and credit/debit card information into the system. This information is not saved so it will have to be entered each time you make a purchase.
- There will be a 4% service fee charged for making the online purchase.
- Through the online payment system, you will have the ability to pay for field trips as well as school fees. You will also be able to purchase school apparel such as spirit shirts, sweatshirts, P.E. uniforms, and club shirts.
- At the end of each purchase you will be emailed a receipt.
